Letter From The President

First of all, I would like to wish everyone a very happy New Year! Hopefully everyone had a wonderful holiday season. I definitely look forward to a year of health and happiness as we enter 2021. We all hope 2021 looks much different from last year, especially from our standpoint on the board.

Due to COVID we had to cancel our social events and annual meeting. Hopefully we will be able to schedule some events this year. We are not scheduling anything just yet and once we do, we will follow direction from the County, State and CDC before having any events. We all want to get back to "normal" as much as the rest of you but everyone's health and safety is our

top priority! We will keep residents updated via the signs at the entrance, the Kimberley neighbors facebook page, the neighborhood website and the newsletters. If there is anyone interested in putting together a socially distanced event please contact the president.

Board members have been meeting via zoom to continue working on projects in the works such as revamping the entrances, making the website more useable, plans for new directories and more.

Thank you to our board members for their hard work during the pandemic.

Happy New Year, Everyone! As we head into this new year I'd like to remind everyone about a few home safety tips. Remember to check that all of your smoke alarms and carbon monoxide detectors are in proper working order (if you didn't do it when the clocks were changed). The use of outdoor lighting at night can deter unwanted visitors and keep neighbors safe. Dryer vents should be checked/cleaned at least annually. If you have a furnace, now might be a good time to change your filter or if you have a boiler, dust off that radiator.

Please remember to drive through the neighborhood with caution. We tend to be an active subdivision with lots of pedestrians using our streets.

We wish you all a safe, happy and healthy 2021!

Social Chair Position

If you are interested in being a part of the social committee, we have an open position. You do not necessarily have to plan each event or even attend them all. We need someone to delegate each event to someone willing to plan and run them. There are several events that are already being planned by volunteers. Board members will be there to assist in planning and running of the events as well. This is a fun position for someone who likes to coordinate and manage
